

HOLDING THE WORLD TOGETHER

www.helicalwire.com

At Helical Wire, our motto is "Holding the World Together," and that's precisely what we do. From the largest aircraft carrier to the circuit boards in the smallest computer, Helical Wire's inserts ensure objects that are joined together stay together, securely, each and every time. Our screw thread inserts are crafted from a variety of materials and finishes that are denser than parent materials to ultimately strengthen tapped holes in lightweight materials and alloys. This creates a secure joint with reduced weight and improved corrosion resistance which is vitally important for aircraft, medical devices and technology.

CORE COMPETENCIES

- Inserts
- Tooling
- Kits

DIFFERENTIATORS

- AS9100 REV D CERTIFIED
- ISO 9001:2015 CERTIFIED
- Best-in-class selection of joining solutions for a variety of steel, plastic, aluminum and composite applications.
- Helical Wire's customer service is unparalleled in the industry.
- Quotes are returned the same day we receive them to ensure you have the components you need, precisely when you need them.
